

## DECLARATION

We, Anamet Europe B.V. – Amsterdam, hereby declare that all our ATEX certified fitting, as mentioned in our master catalogue, are also IECex certified started as of October 27<sup>th</sup>, 2010 as shown in the official IECex certificate.

Only since this date, the manufacturer is allowed to mark the fittings with the ATEX references as well as the IECex references. This means that ATEX certified fitting, manufactured and supplied before October 27<sup>th</sup>, 2010 are not marked with the IECex references and may officially not be recognized as so.

In the mean time we can keep in mind that the fittings itself has not been changed and that they are manufactured according to exactly the same procedures as before October 27<sup>th</sup>, 2010.

Anamet Europe B.V.
